

### **Looking for On-Call Naturalists/Educators:**

Kelley's Island Field Station is looking for naturalists and nature educators interested in helping facilitate outdoor experiences for school and community groups.

Naturalists/Educators will be asked on an as-needed basis to plan and lead outdoor experiences related to visiting group's interests, needs, and scheduling constraints. Our goal is for all programs to increase participant appreciation for nature, understanding of ecology and awareness of human impact.

#### **Qualifications:**

1. Knowledge of flora and fauna in Lake Erie Region. Groups commonly ask for programs on geology, ornithology, botany, entomology, aquatic biology, and general guided hikes. Please let us know your area of interest.
2. Professional expertise, previous experience leading outdoor activities, or naturalist training.
3. Willingness to work with students and general public

Applicants will be asked to attend an informational meeting and complete a background check. The Field Station will cover ferry fees and provide stipend for each program facilitated.
